

## Court Operations Update

October 6<sup>th</sup>, 2024

Columbia County Courts will resume limited operations on Monday, October 7<sup>th</sup> 2024. The clerk's front counter will be staffed to advise the public as to the current status of the courts. Chief Judge Sheryl Jolly and her colleagues will be available for emergency orders and other critical situations.

While power was restored late last week, the clerk's office and other judicial offices still lacked internet access on Friday. We hope to have internet connectivity restored this weekend or early next week, however, with at least a five-day backlog it will take time to resume normal operations.

Your patience is appreciated as the majority of courthouse personnel also suffered significant disruptions in their personal lives. Our community is resilient, we will continue to work until recovery is complete.

Thank you,

Cindy Mason

Clerk of Superior Court

Columbia County, Georgia.
